## ...ENDLESS TRANSFORMATIONS

### **MULTISTRADA 1200**

This is your invitation to join us and get under the skin of the most anticipated motorcycle of 2010 and quite simply the most technologically advanced road bike ever created. The all-new Multistrada 1200 brings unrivalled versatility to the UK roads - all of them, by being 4-bikes-in-1.

Over this special preview event, we will take you through all of these stunning features and more including: Ducati Electronic Suspension, Traction Control, ABS, the new 1198 Superbike derived Testastretta 11° engine and all 4 model versions.
